for your family and your ESTATE.
There is still a lingering tendency to connect the making of a WILL with the idea of the early death of the maker.
This is no more logical than thinking a man will die earlier because he makes out his insurance.
Always to make a WILL at once, appoint this Company as your EXECUTOR, and thus secure the best available means of protecting your beneficiaries and ensuring the right disposal of your ESTATE.
We welcome correspondence on this subject.

MORE HEAT LESS COAL

Will Heat Seven Room House Most Comfortably
at Much Reduced Cost

NEAREST THING TO ACTUAL BURNING OF GAS—This marvellous self-feeding invention is now placed on the market and will be the means of REDUCING COAL BILLS TO A MINIMUM. This device has been under test for 12 months and has proven to be the only stove on the market that utilizes all the gases from the coal and that WILL BURN THE CHEAPEST SOFT COAL economically and give utmost satisfaction. Owing to the burning of all gases from coal requires practically NO ATTENTION—one filling per day all that is necessary and will burn for SEVERAL HOURS at even temperature when slightly checked; when drafts completely checked will burn for SEVERAL DAYS and not go out. Already this device is showing extreme popularity owing to its practicability and unusual heating capabilities under all conditions, besides being a money-saving medium.

OUTSIDE BANK INSPECTION

Through the banks themselves, through the Canadian Bankers' association, propose a system of inspection whereby the association would assume responsibility for the statement of individual members, public opinion in Canada, through political bodies in going to demand radical changes in the banking system which may provide a cure worse than the disease.

The present system of outside auditing of banks is utterly useless and amounts to nothing but an unnecessary burden upon the banks.

DECEMBER ROD AND GUN

Dealing with hunting the wild mountain goat in the Rockies, Raymond Thompson in his story "Introducing Mr. William Goat," gives a fine account of this sport and tells it in a manner which will interest all sportsmen, in the December issue of ROD AND GUN IN CANADA. As an account of wild duck hunting at Pennington by Lewis Denton, "Our Bull Moose for 1922" a good moon hunting story, and "The Silver Salmon Fresh From the Sea" by Canada's foremost writer of Nova Scotia fishing and hunting, Bonyassette Dale, are only a few of the good articles and stories contained in this issue. "Ranching the Silver Fox" by C. K. Walton, gives interesting insights into the management of a fox farm while F. V. Williams is represented by a good story of the north in winter. There are three first-class articles in the Guns and Ammunition department edited by C. B. Landis, while B. P. Lincoln, J. W. Winslow, W. C. Motley, M. U. Bates and F. H. Walker have departments filled with material of interest to all who are interested in Canadian outdoor life. Seven good hunting and fishing stories, in addition to fifteen articles dealing with every phase of sportsmanship make the December issue of ROD AND GUN IN CANADA a particularly interesting one.

OBITUARY

DEATH OF MICHAEL CAIN

At the General hospital on Monday morning Michael Cain passed away quietly after an illness of two months. He had been in the hospital three weeks and was considered very ill on entering the hospital. He leaves a wife to mourn his loss. Mr. Cain came to this district nineteen years ago and took up land south of Macleod. He has been a successful farmer. He was born in the village of Sterling, Ontario, and was 57 years of age.

The funeral occurred on Tuesday, Nov. 20th, service for the departed being conducted at the Roman Catholic church by Father Rouleau, at 10:30 a. m., many friends and acquaintances attending following in the funeral procession to the R. C. Cemetery where interment took place.

DRATH OF JOHN FLYNN

At the Municipal hospital on Nov. 15, John Flynn, died at the age of ninety years. Mr. Flynn was born in Ireland on July 20, 1833, came to Canada in 1877, and has been in the West for forty years. He was one of the early miners in the gold rush days, and finally settled down as a farmer here during the past few years. He was a bachelor. He had many friends among the people in Macleod.

IF WASHING BRUSHES

Washing hair-brushes is made easy by adding a tablespoon of ammonia to a basin of warm water, then rinsing thoroughly in cold water.

WITH BURN TINS

Boil a tablespoon of baking soda in a pan that has been burnt, for about ten minutes and you will find that it can be easily cleaned.

the one involved by the end of October, the city distribution system was in a very bad way. The gas supply in the province was very low. There have been increased shipments from Alberta to Manitoba, Ontario, British Columbia, Saskatchewan, and the United States. The big crop movement to the West has been in the increased amount of railway steam coal used in 1923.

1923 Coal Production
 The Chief Inspector of Mines recently announced that Alberta's coal production for 1923 had increased 1,000,000 tons over 1922. There have been increased shipments from Alberta to Manitoba, Ontario, British Columbia, Saskatchewan, and the United States. The big crop movement to the West has been in the increased amount of railway steam coal used in 1923.

Number of Alberta Farms
 The Dominion Bureau of Statistics recently gave out figures compiled from census data showing the number of occupied farms in Alberta of over one acre as 82,841; total farm acreage as 29,225,000; and value of farm property as \$66,437,246. Comparing 1921 with 1911, land increased in value 7.1 per cent farm buildings 19.8 per cent, implements and machinery 51.6 per cent and live stock 65 per cent.

Pure and Game
 The value of the furs and pelts taken in Canada during the season of 1922-23 was \$16,458,221. Alberta furs for this season were valued at \$1,356,238. In order of value mustelids first, followed by beaver, mink, marten and fox. The average price paid for pelts of beaver was \$18.25, marten \$1.35, otter \$27.25, white fox \$30.70, silver fox \$17.35.

Sugar Beets
 Samples of sugar beets grown at Raymond this season were tested in the Idaho Falls plant of the Utah-Idaho Amalgamated Sugar Company. Beets grown by Hyrum Kimball averaged 20.8 sugar, and T. J. O'Brien's sample showed 19.5 sugar content. Raymond hopes to again secure a best sugar industry.

Investigate Rural Credit
 Dr. H. M. T. of Alberta University has been investigating the rural credit situation in the province. The Dominion Government to continue further investigations of the question of rural credit. In 1914 D. T. T. made a report on the rural credit systems in various countries. The present inquiry will be into rural credit in Canada and the United States.

Seed Grain Debit
 Something over \$2,000,000 is owed to the Alberta Government for advances of seed grain up to and including 1921. Discussing this matter at Medicine Hat recently the Minister of Agriculture expressed the opinion that a good proportion of these seed grain debts would be collected this season. The crops of 1923 are making a much more optimistic feeling throughout the farming districts of Alberta. The government has been in the collection of these debts no real hardship will be created. A reasonably generous policy will be followed, by which the government will exercise its right of priority in the collection of these debts no real hardship will be created. A reasonably generous policy will be followed, by which the government will exercise its right of priority in the collection of these debts no real hardship will be created.

Stock from E. P. Ranch
 At the auction sale of live stock at Calgary Fall Show, the yearling Shorthorn bull "Princeton Crusader," bred on the E. P. Ranch, brought the highest price, \$285. Swinestown Bros. of Bellingham, purchased the animal.

Alameda Clover Seed
 It is estimated that some 3,000 pounds of Alameda clover seed will be shipped in Alberta this year.

To Aid Insulin Research
 The Carnegie Foundation has contributed \$10,000 to Alberta University for the purpose of continuing Dr. Collip's investigations in the development of insulin.

Exhibit for Chicago
 Alberta will be well represented at the International Stock and Grain Show at Chicago. The splendid live stock exhibit has been sent forward. The Provincial Government and the University have worked together in the exhibit of grains and grasses. There will be 125 entries.

Farmers' Alberta is rapidly stepping into the front ranks for the production of registered seed grains, and these exhibits are being made for the purpose of finding a market in the United States for Alberta seed.

Care of Railway Crossings
 The Board of Railway Commissioners' booklet draws attention to the necessity of motorists using caution when approaching level railway crossings. Too many accidents, due to carelessness, are happening.

Lieutenant Governor Brett
 Congratulations were extended on Thursday, the 15th, to Lieutenant Governor Brett, on the occasion of his seventy-second birthday.

of my uncle, the late James D. Reynolds, in the '50s. And Ole Bull became an intimate friend of mine. He told me that either in November or December he and other friends had been traveling in the stage coach and stopped at the Wayside Inn in Sudbury to seek shelter from a snow storm. The storm raged for two days, making further progress impossible. There the little party/Ole Bull among them, sought the comfort of the blazing hearth. The group included a theologist, a Spanish or Sicilian, a young musician (Ole Bull) and a young American poet—Longfellow. One of them were men of travel, taste and experience. They spent the evening in chatting, seeking the comfort of the tap-room and recounting their adventures. Between times Ole Bull played on his Antonia Stradivarius later sold in London for a fabulous price. Longfellow has left us these lines of that time:

By the blazing fire of wood,
 Ere the great musician stood,
 And ever and anon he bent
 His head upon his instrument
 And seemed to listen, till he caught
 Confessions of its secret thought.
 The joy, the triumph, the lament,
 The exaltation and the pain.
 Then by the magic of his art
 He scoured the throbbings of his heart
 And lulled it into peace again.

 Sudbury was one of the first towns settled by the Puritans. Some of them came from Suffolk and named their little hamlet after the older Sudbury in England, which our own Northern city is named. John Howe, first of the noted benefactors, had been a glower in England, but finding no great scope for gloves among his friends, he came to the States and settled in Sudbury.  Then by the magic of his art
 He scoured the throbbings of his heart
 And lulled it into peace again.

The First House
 Sudbury was one of the first towns settled by the Puritans. Some of them came from Suffolk and named their little hamlet after the older Sudbury in England, which our own Northern city is named. John Howe, first of the noted benefactors, had been a glower in England, but finding no great scope for gloves among his friends, he came to the States and settled in Sudbury. He was a frequent visitor at the home

of my uncle, the late James D. Reynolds, in the '50s. And Ole Bull became an intimate friend of mine. He told me that either in November or December he and other friends had been traveling in the stage coach and stopped at the Wayside Inn in Sudbury to seek shelter from a snow storm. The storm raged for two days, making further progress impossible. There the little party/Ole Bull among them, sought the comfort of the blazing hearth. The group included a theologist, a Spanish or Sicilian, a young musician (Ole Bull) and a young American poet—Longfellow. One of them were men of travel, taste and experience. They spent the evening in chatting, seeking the comfort of the tap-room and recounting their adventures. Between times Ole Bull played on his Antonia Stradivarius later sold in London for a fabulous price. Longfellow has left us these lines of that time:

By the blazing fire of wood,
 Ere the great musician stood,
 And ever and anon he bent
 His head upon his instrument
 And seemed to listen, till he caught
 Confessions of its secret thought.
 The joy, the triumph, the lament,
 The exaltation and the pain.
 Then by the magic of his art
 He scoured the throbbings of his heart
 And lulled it into peace again.

For Mothers—"FRY'S"

For true nourishment in delicious form FRY'S COCOA is supreme. Make it this way and you will find it most appetizing and digestible. To 3 good teaspoonsful of Fry's Cocoa add three spoonfuls of sugar, mix well. Then add one half cup of boiling water and mix thoroughly. Add two cups of boiling water and boil very slowly for 5 minutes, stirring occasionally. Then add milk or cream to taste. This will give you Cocoa at its best.

REMEMBER, NOTHING WILL DO BUT FRY'S
